WorkForce Software Solutions

**Time and Attendance Absence
Compliance Tracker Analytics**

Customer Objectives

- Streamline time management and payroll processes for a diverse workforce of hourly, salaried, exempt, non-exempt, and student employees
- Eliminate 10K+ paper timesheets used per monthly pay cycle

The Solution

- Automated time tracking with WorkForce Time and Attendance
- Leave case management for protected leave with WorkForce Absence Compliance Tracker
- Employee self-service for time entry

Key Benefits

- Improved payroll accuracy and compliance due to accurate time tracking and real-time rule validation
- Streamlined protected leave management resulting in less work for employees and administrators
- User friendly interface with high user adoption
- Ability to configure system changes independently with support from WorkForce Software
